
IFLA Asia Pacific Region

Shanghai Declaration 2012

Preamble:

- Recognizing that there is growing interest in the services that the landscape architecture profession provides in landscape planning, design and management in the Asia Pacific Region.
- Recognizing that global impacts on the environment such as climate change, population increase and pollution put increasing pressure on the world landscape which in turn, requires increasing expertise to address complex problems.
- Recognizing that people value the landscapes of the Asia Pacific Region (APR) which contributes to the quality of life and culture in cities, towns and rural areas.

**This conference of Asia Pacific Region (APR)
declares that:**

“Each country of the Asia Pacific Region (APR) should have a law in place for the Landscape Architecture profession”.

“The professional associations of Asia Pacific Region (APR) support the accreditation of education programs for Landscape Architecture”.

“The Associations should have a registration system for Landscape Architects which is endorsed by the Government in each country”.

“The Asia Pacific Region (APR) of International Federation of Landscape Architects (IFLA) declares its support for an International Landscape Convention”.
