

# Climate Adaptation Resources for the Prairie Provinces – Ressources en matière d'adaptation climatique pour les provinces des prairies

## 1.1 Climate Projections / Scenarios

### 1.1.1 Prairie Climate Centre

Prairie Climate Atlas

<http://climateatlas.ca/atlas.html>

Climate Change Report Cards

<http://prairieclimatecentre.ca/videos-downloads/climate-change-report-cards/>

1.1.2 Climate Scenarios for Saskatchewan, E. Barrow, April 2009, Prairie Adaptation Research Collaborative

## 1.2 Adaptation Tools / Guides

### 1.2.1 Prairies Regional Adaptation Collaborative

<http://prairiesrac.com/>

Alberta, Saskatchewan and Manitoba

1.2.2 Prairie Adaptation Research Collaborative a partnership of the governments of Canada, Alberta, Saskatchewan and Manitoba (Univ of Regina)

<http://www.parc.ca/index.htm>

### 1.2.3 Saskatchewan

SaskAdapt – links to reports ca 2008 – not more current

<http://www.parc.ca/saskadapt/index.html>

### 1.2.2 Alberta

Alberta Environment and Parks Climate Change Adaptation Framework

<http://aep.alberta.ca/forms-maps-services/publications/climate-change-adaptation-framework.aspx>

- a risk management process developed for Alberta Environment and Parks (AEP) to:

- Assess the impacts of climate change on department core business areas
- Provide a tool to help department business areas adapt to climate change impacts

Climate Change Adaptation Framework Manual

<http://aep.alberta.ca/forms-maps-services/publications/documents/ClimateChangeAdaptationManual-Apr1-2010.pdf>

*This manual helps organizations anticipate and prepare for the economic and ecological impacts of climate change in a comprehensive and consistent manner.*

### 1.2.4 Prairie Climate Centre and IISD

Building a Climate-Resilient City Report series: Calgary and Edmonton
